

DAY - 2

Write a Java program which would take two values through command line argument and print the sum of the two values

```
class Test {  
  
    public static void main(String[] args) {  
  
        System.out.println("Command Line arg: " + args[0] + " +args[1]);  
  
    }  
  
}
```
